10 December 2009

Dear John

It was a pleasure to meet you last Friday and other members of the Little Melton Cycle Path Campaign to see for myself the dangers that face cyclists travelling between Hethersett and Little Melton and also the dangerous crossing at the A47 for both cyclists and pedestrians to reach the Norfolk and Norwich Hospital, the Research Park and the UEA where many residents work.

I have written to the Director of Planning and Transportation at Norfolk County Council to ask him to look into the issue of safe cycling for schoolchildren and also to look at the possibility of a safe crossing for the A47 between Hethersett and the Norfolk and Norwich Hospital, the Research Park and the UEA.

I will write to you again as soon as I have any news.

With kind regards,

Yours sincerely,
Richard
